

Top things to consider:

- Direction of the slope across the block
- How much of a slope is across the block
- How many splits will be required
- How many stairs required at each split

Line of second split through the home.

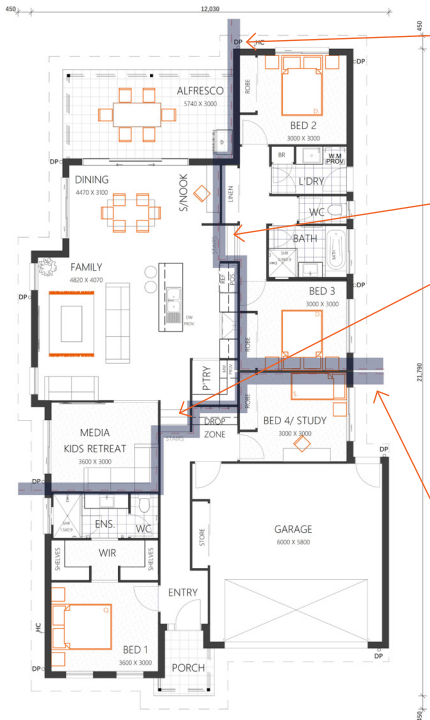

Location of stairs going up or down, depending on the slope.

Location of stairs going up or down, depending on the slope.

Line of first split through the home.

SIDE-TO-SIDE SPLIT
Georgia 311 with 3 Level Split

Line of second split through the home.

Stair locations going up or down, depending on the slope.

Line of first split through the home.

MULTIPLE SPLITS

Ellis 219 with 2 Level Split

Location of stairs going up or down, depending on the slope.

Line of split through the home.

SLOPE FROM FRONT-TO-BACK OR BACK-TO-FRONT

Montana 269 with 2 Level Split
