ripley

## THINKING OF RELOCATING TO RIPLEY?

Ripley is a young suburb located in Brisbane's West and is becoming increasingly popular for families looking to reduce their cost of living and to escape the hassles that urban living can bring.

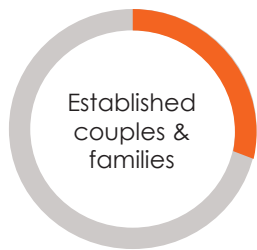

Located a short 10 minute drive from Ipswich, Ripley saw record-breaking growth in 2018 and has recently been revealed as one of the best suburbs to invest in (Corelogic).

The suburb also reported an **annual capital gain of over 18%**, making it one of Queensland's (and Australia's) highest growth suburbs (Australian Property Research).
